# Smartphone/Tablet- Photo Accessories

## LED Light

SMARTPHONE/TABLET PHOTO ACCESSORIES

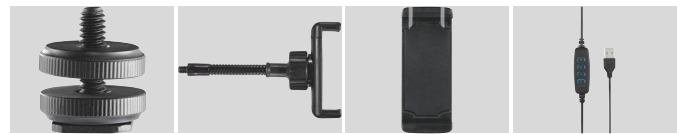

"SpotLight Steady 120 II" LED Ring Light, Ring Light Tripod for Mobile Phone

**hama**

|                |      |
|----------------|------|
| Max. Lumen     | 1020 |
| Number of LEDs | 160  |

- From influencer to video star: the set, comprising an LED ring light and tripod for the ideal height, offers the ideal conditions for every content creator, and is perfect for all online formats, including YouTube, Twitch, Instagram, TikTok and more
- Selfie ring light with mobile phone holder: The flexible clamping jaws hold the smartphone camera perfectly in position on the tripod, so one tripod is enough for both the phone and ring light
- Small when transporting, big effect when filming: the LED ring light with tripod can be set up quick as a flash anywhere, making it perfect for blogs, vlogs, social media and anyone who likes their equipment flexible and practical
- In your best light: the tripod ring light with 160 LEDs creates the ideal lighting for all video and image formats, so there's less post-editing and instead great images and videos from the first take
- From warm white to daylight bright: control the colour temperature in 3 stages (2100/3000/5500 K) using the cabled remote control, for the optimised and even illumination of videos and portraits, for example
- From radiantly bright to pleasantly dimmed: the light intensity can be adjusted in 10 stages
- Sparkling charming eye effect: LED ring light magically creates a light in the eyes through reflections
- Studio smartphone photography: stable tripod made from robust and lightweight aluminium with fully spreadable tripod legs
- Up and away: extendable 3 ways up to 215 cm, ideal for larger scenarios or for being photographed sitting or standing
- Always the perfect recording position: portrait and landscape format thanks to smartphone holder with ball head and flexible swan neck
- Unusual recording angle: the ring light position can be adjusted in all directions thanks to the ball head
- Universal stand for shots in portrait or landscape format, be it selfies, portraits or video, DIY tutorials or Insta-Live

"SpotLight FoldUp 102 II" LED Ring Light, Set for Smartphones, Foldable

**hama**

|                |      |
|----------------|------|
| Max. Lumen     | 1100 |
| Number of LEDs | 128  |

- Sparkling charming eye effect: LED ring light magically creates a light in the eyes through reflections
- From warm white to daylight bright: control the colour temperature in 3 stages using the cabled remote control, for the optimised and even illumination of videos and portraits, for example
- From radiantly bright to pleasantly dimmed: the light intensity can be adjusted in 10 stages
- Photo studio to go: the ring light can be folded together and stored in the stand - perfect for all bloggers and vloggers who are on the go a lot
- Up and away: extendable up to 138 cm, ideal for larger scenarios or for being photographed sitting or standing
- Optimised illumination during make-up tutorials or selfie portraits: can also be used as a table tripod at its minimum height of 52 cm
- Always the perfect recording position: portrait and landscape format thanks to smartphone holder with ball head and flexible swan neck
- One ring light - three ¼" connection options: all connections with ¼" in one place for e.g. swan neck accessories, smartphones, adapter screws
- One right light - four cold shoe connection options: the cold shoe connections are located on all sides for professional and creative photos and videos with further accessories, e.g. microphone, webcam
- LED Ring Light:
  - 10.2" ring light (outer diameter 26.5 cm) with 128 LEDs with cable remote control
  - Power supply via USB-A cable (cable length 190 cm) for connection to e.g. a power pack
  - Unusual recording angle: The ring light can be steplessly tilted backward
  - Easy-carry construction made from aluminium and plastic
- Swan neck with mobile phone holder:
  - For many smartphones: extremely flexible for smartphone widths from 6.0 to 8.0 cm thanks to clamping spring holder
  - Rubber inserts on the holder protect the smartphone casing from scratches

**"49 BD" LED Lights for Smartphone, Photo and Video Cameras**

|                |           |
|----------------|-----------|
| Number of LEDs | 49        |
| Battery Type   | AA Mignon |

- LED Lights
- Ultra-lightweight, stylish surface lights with 49 high-end LEDs for shadow-free image lighting during video and photo shots on a smartphone or camera, as well as close-up and macro-photography
- Optimised illumination ensures even, shadow-free pictures
- For digital video and photo cameras with a standard flash shoe
- Attachment to the camera's standard flash shoe and to a tripod using the integrated 1/4" thread
- With dimmer control
- With integrated 1/4" (6.4 mm) connecting thread for external light positioning on a tripod
- Perfect light source for bloggers and vloggers, ideal for life on the move
- Straightforward operation, no complicated studio equipment required
- For sharp, clear and detail-rich shots
- Great photos even in unfavourable lighting
- No charging required, works with two AA batteries
- Multiple LED lights can also be connected together

- Smartphone Holder:
  - Screw-connected universal holder for devices without tripod socket
  - For attaching all smartphones to tripods with a 1/4" tripod connection
  - Extremely flexible, for a smartphone width from 4.8 - 9.5 cm (landscape format)
  - Cold shoe for attaching LED lights and microphones, for example
  - Folds to a compact size
  - Only in combination with tripods or telescopic rods featuring a 1/4" connection thread, Arca Swiss
  - Clamp spring holder and recess on the surface ensure a firm grip, while rubber protects the housing from scratches

## "Multi 4in1" Table Tripod

|                           |               |
|---------------------------|---------------|
| Thread/Connection         | 1/4" (6.4 mm) |
| Material                  | Aluminium     |
| Maximum Load              | 400 g         |
| Tripod Head               | 3-Way Head    |
| Type                      | Tripod        |
| Min. Height - Max. Height | 19 -86 cm     |
| Weight                    | 220 g         |

- The ball head allows perfect alignment for shots in portrait and landscape format
- Its compact size makes it ideal for travelling, holidays, hikes and outdoor trips
- The built-in self monopod is ideal for sports and action shots e.g. for filming yourself when skiing
- Telescopic rod extendable to 90 cm for a wide range of action, for e.g. concert recordings, hard-to-reach motifs and group shots
- Torsion-resistant telescopic rod through guide groove
- Min/max height: 20/90 cm
- Weight: 225 g

### Smartphone Holder:

- Extremely flexible, for a smartphone width from 5.5 - 7.8 cm (in horizontal format)
- For selfies and videos, perfect for video diaries, blogs and ideal for travel and out and about
- Also in combination with tripods and telescopic rods with 1/4" connection thread
- No more wobbly, skewed selfies

## "Rotary Smartphone" 150 Tripod, Set with Bluetooth® Remote Shutter Release

|                           |                            |
|---------------------------|----------------------------|
| Thread/Connection         | 1/4" (6.4 mm)              |
| Leg Segments              | 3 Sections (2x Extendible) |
| Material                  | Aluminium                  |
| Maximum Load              | 1000 g                     |
| Tripod Head               | No                         |
| Type                      | Tripod                     |
| Min. Height - Max. Height | 41.5 -150 cm               |
| Maximum Profile Thickness | 20 mm                      |
| Weight                    | 1850 g                     |

- Flexible alternative to large tripods: ideal when things need to move quickly or when there isn't enough space for a large tripod, for example
- Its compact size makes it ideal for travelling, holidays, hikes and outdoor trips
- With the combination of the tripod and holder, take blur-free photographs with the smartphone
- Can be used completely folded up as a selfie monopod
- Stepless height adjustment thanks to telescope mechanism
- Cross-struts and rubber feet for firm grip on smooth, slippery and uneven surfaces
- Swivel smartphone holder for portrait and landscape format
- Extremely flexible, for smartphone width of 5.8 - 8.8 cm
- Compact design
- For selfies and videos, perfect for video diaries, blogs and ideal for out and about

|       |    |    |  |                 |

**Tripod "Flex for Smartphone and GoPro, 26 cm"**

|                           |                          |
|---------------------------|--------------------------|
| Thread/Connection         | GoPro, Smartphone holder |
| Leg Segments              | 1 Section                |
| Material                  | Plastic Material         |
| Tripod Head               | No                       |
| Type                      | Bendable Tripod          |
| Min. Height - Max. Height | 9 -26 cm                 |

- The flexible legs are capable of bending up to 360° which allows optimal, secure attachment to various objects, e.g. railings, branches
- 2-in-1 system for smartphones and GoPro cameras
- Its compact size makes it ideal for travelling, holidays, hikes and outdoor trips
- Sensational, versatile photos and videos from original perspectives and unusual places
- Stepless, individually bendable tripod legs — adaptable to many surfaces and objects and can be used as a monopod
- For selfies and videos, perfect for video diaries, blogs and ideal for travel and out and about
- No more wobbly, skewed selfies
- Tripod legs encased in high quality foam for maximum flexibility and grip, making them especially pleasant to use in cold weather
- Extremely flexible, suitable for a smartphone width from 5.5 – 7.8 cm (in horizontal format) thanks to the clamp spring holder
- Rubber inserts on the holder protect the smartphone case from scratches
- Rubber feet for firm grip on smooth and slippery surfaces

### "Pocket" Smartphone Mini-Tripod, 20 cm, black

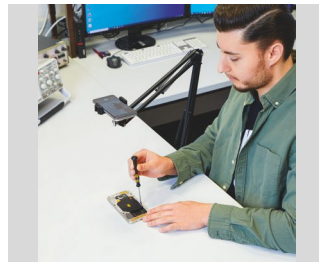

|                           |                   |
|---------------------------|-------------------|
| Thread/Connection         | Smartphone holder |
| Leg Segments              | 1 Section         |
| Material                  | Plastic Material  |
| Tripod Head               | No                |
| Type                      | Mini Tripod       |
| Min. Height - Max. Height | 10 -20 cm         |
| Weight                    | 87 g              |

- Integrated mirror for the perfect selfie angle with the front camera
- The built-in self monopod is ideal for sports and action shots e.g. for filming yourself when skiing
- Compact, handy and space-saving: fits in any pocket because the smartphone holder can be folded

#### Selfie Stick / Telescopic Rod:

- Telescopic rod extendable to 20 cm for a wide range of action, for e.g. concert recordings, hard-to-reach motifs and group shots
- Torsion-resistant telescopic rod through guide groove
- For selfies and videos, perfect for video diaries, blogs and ideal for travel and out and about
- No more wobbly, skewed selfies
- Extremely flexible, suitable for a smartphone width from 5.0 – 8.5 cm (in horizontal format) thanks to the clamp spring holder
- Rubber inserts on the holder protect the smartphone case from scratches
- Stepless, individually adjustable tripod legs — adaptable to many surfaces and can be used as a hand-held tripod
- Rubberised tripod legs for secure grip

### "700 II" Flexible Articulated Arm, 1/4", max. 70 cm, Smartphone Holder, Table Clamp

|                           |                                  |
|---------------------------|----------------------------------|
| Thread/Connection         | 1/4" (6.4 mm), Smartphone holder |
| Leg Segments              | 2 Sections (1x Extendible)       |
| Material                  | Metal                            |
| Tripod Head               | No                               |
| Type                      | Light Stand                      |
| Min. Height - Max. Height | 70 cm                            |
| Weight                    | 468 g                            |

- Adjustable screw clamp for various attachment options: all types of desks, workstations, shelves, bars
- No adapter needed: flexible mobile phone holder for attachment to the articulated arm enclosed, for extraordinary shooting angles and perfects shots for every format
- Vertical and horizontal: ring light, camera, webcam, smartphone or tablet - all of them can be precisely positioned wherever you need them thanks to the two highly flexible joints
- Practical, full-motion holder, ideal for office, kitchen, hobby workshop, influencer/vlogger/blogger/YouTube studio or bedside table
- Maximum length 70 cm
- Allows quick and easy access to the device
- Ideal for taking photographs and making videos, for browsing, watching films or for video chats, but also perfectly suited for use in the office
- Comfortable use: the hands are always free and yet each device is in view or quickly adjusted for another scenario or to prevent it getting in the way

## Monitor Arm

**hama**

### Monitor Holder for Streaming Setup, 4 Arms, Height-adjustable, Swivel

|                   |       |
|-------------------|-------|
| Max. Monitor Size | 81 cm |
|-------------------|-------|

- Perfect for the next streaming or gaming session: whether webcam, microphone, smartphone or tablet, ring light or camera, monitor or laptop, there is room for a lot of streaming equipment on the four arms, making it ideal for bloggers, streamers, gamers and so on
- For an ergonomic workstation: the streaming arm adapts to your personal requirements and posture. Whether you need stepless height adjustability, swivel and tilt functions, pull-out capability or portrait or landscape formats, this is how ergonomics works in the office and home office while gaming
- Space for two monitors: the monitor arms be used for all common screen sizes with a diagonal of 33 - 81 cm (13 - 32") and up to a weight of 8 kg per arm
- Unusual recording angle: Streaming light or camera can be rotated and tilted thanks to tripod ball head - for the perfect streaming setup
- Always the perfect recording position: Portrait and landscape format thanks to swivelling smartphone and tablet holder
- For tidy workstations: Cable management guides the monitor cable tidily behind the screen, avoiding cable spaghetti and saving space. The cable guide also protects the cable against breakage thanks to strain relief

## Wireless Shutter Release

**hama**

### "BR53" Bluetooth® remote shutter release

|                   |     |
|-------------------|-----|
| Bluetooth Version | 4.0 |
|-------------------|-----|

- Connection via Bluetooth directly with the smartphone or tablet
- Allows unusual photo and selfie angles
- For selfie photos and videos, blogs, ideal for trips, for life on the move and for action photography
- Better focusing, faster snapshots, resulting in better pictures and sharp, un-blurred selfies
- If the smartphone or tablet is positioned in a suitable spot, both arms can remain free - the extended selfie arm is passé
- Safe photography in high-action situations
- Perfect for party and group shots because the range of up to 10 m allows a much wider image field
- Independent of self-trigger mode
- Small and compact, the Bluetooth shutter release can go anywhere

|       |    |    |  |                 |

# Monopods & Tripods

**hama**

**"Smooth" Monostand, 155 Click, with Three-Arm Base**

|                           |                            |
|---------------------------|----------------------------|
| Thread/Connection         | 1/4" (6.4 mm)              |
| Leg Segments              | 4 Sections (3x Extendible) |
| Material                  | Aluminium                  |
| Maximum Load              | 5000 g                     |
| Tripod Head               | No                         |
| Type                      | Mono Tripod                |
| Min. Height - Max. Height | 63,5 -155 cm               |
| Maximum Profile Thickness | 28 mm                      |
| Weight                    | 900 g                      |

- Air lock system: stepless adjustment without screw clamps - for more speed when hunting for the perfect shot
- A cleverly attached joint at the end of the tripod ensures gentle and smooth movements and pivoting, with the joint allowing tilts of up to 20° in all directions
- Flexible alternative to large tripods: ideal when things have to happen fast, if there's not much space for a large tripod, for example, for photographing with large lenses, for animal shots with large focal lengths
- Also for fascinating 360° panoramic shots and vivid indoor and property photographs
- The monopod's three leg segments are extendable, and each of them is individually steplessly adjustable, making them perfect for custom positioning even up to eye level height
- Made from sturdy and lightweight aluminium, weighing 900 grams and, thanks to its small dimensions, is also suitable for travel

### Suction Mount with Ball Head 360 for GoPro

|              |                  |
|--------------|------------------|
| Material     | Plastic Material |
| Maximum Load | 300 g            |
| Type         | Suction Stand    |
| Weight       | 180 g            |

- The ball head allows perfect alignment for shots in portrait and landscape format
- For GoPro action cameras and digital cameras with a 1/4" connection thread
- 3D ball head with 360° rotation
- Can also be used as a car pod
- Diameter of the suction cup: 90 mm
- Thread length adjustable, therefore universally usable

|       |  |   |    |                 |
|-------|--|---|----|-----------------|

### Lighting Tripod 200

|                           |               |
|---------------------------|---------------|
| Thread/Connection         | 1/4" (6.4 mm) |
| Leg Segments              | 1 Section     |
| Material                  | Metal         |
| Maximum Load              | 2500 g        |
| Tripod Head               | No            |
| Type                      | Light Stand   |
| Min. Height - Max. Height | 75 -200 cm    |
| Maximum Profile Thickness | 24 mm         |
| Weight                    | 980 g         |

- Stable design thanks to cross-struts
- Functional quick-action leg locks for rapid and simple locking
- Especially lightweight, therefore ideal for shots outside the studio

|       |  |   |    |                 |

## Lens filter

**hama**

Lens filter  
"Gray Filter Set ND58, ND64, ND100, with Filter Bag"

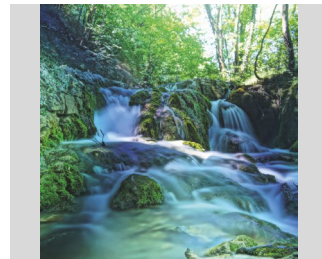

|                 |                                   |
|-----------------|-----------------------------------|
| Coating         | NMC16 (Nano Multi-Coated 16-fold) |
| Metal Mount     | Black                             |
| Mount Thickness | 2.9 mm                            |
| Type            | Grey Filter                       |
| Type of Glass   | High-Grade Lens Glass             |

- Exposure correction: 8x = 3 aperture values; 64 = 6 aperture values; 1000 = 10 aperture values
- NMC16 coating: eight layers on each side, for maximum anti-reflective properties
- Vapour-deposited nano-coating
- Developed especially for digital cameras thanks to double-sided coating
- With front thread for other filters, lens cap or lens hood
- Quality class (glass): high-quality lens glass

Picture impact:

- Running water is portrayed as soft and flowing by long exposure times
- Popular squares become void of people through long-term exposure

- Transparent
- HTMC coating: four layers on each side, for high light transmission
- Quality standard (glass): crown lens glass
- Specially designed for DSLR, system and bridge cameras with wide-angle, wide-angle zoom and travel zoom lenses
- Flat metal mount (only 3 mm), therefore no vignetting (dark shading of picture corners)

### Lens filter "Polarization Filter Premium, circular, NSC18 Nano"

|                 |                                   |
|-----------------|-----------------------------------|
| Coating         | NSC18 (Nano Super-Coated 18-fold) |
| Metal Mount     | Black                             |
| Mount Thickness | 4.5 mm                            |
| Type            | Polarization Filter               |
| Type of Glass   | High-Grade Lens Glass             |

- Enhances contrast and brings depth to the picture, e.g. the sky becomes a strong blue, clouds become artificially white, colours are clearer and more intense
- Depending on the filter setting, the contrast and depth vary and non-metallic reflections (water, plastic, glass, etc.) are removed
- Maximum effectiveness with a photographic angle of 30-40° to the reflecting surface
- Ultra-flat and ultra-lightweight rotary mount for variable settings
- Effect filter with effects that cannot be achieved subsequently using an image editing program: objects worth seeing, for example behind shop windows or aquariums, become visible
- NSC18 coating: nine layers on each side, for excellent permeability to light and maximum anti-reflective properties
- Vapour-deposited, multi-layer coating
- Nano-coating for the lotus effect: easy to clean, prevents misting and further dirt accretion, water, oil and dirt-repellent
- Scratch and shock-resistant

### Lens filter "Polarization Filter Professional, circular, HTMC-8"

|                 |                     |
|-----------------|---------------------|
| Coating         | HTMC (8 x)          |
| Metal Mount     | Black               |
| Mount Thickness | 4.5 mm              |
| Type            | Polarization Filter |
| Type of Glass   | Crown Lens Glass    |

- Special filter with ultra-flat rotary mount (4.5 mm)
- Protects the lens against scratches, dust and fingerprints, also serves as UV filter
- For wide-angle and wide-angle zoom lenses, especially for fast AF lenses with integrated motor drive or front lens focus
- No vignetting (dark shading of picture corners)
- New, optical glass of superior quality (only 1 mm thick)
- From a focal length of 17 mm (with miniature photographs)

FILTER & ACCESSORIES

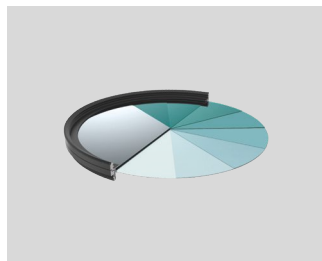

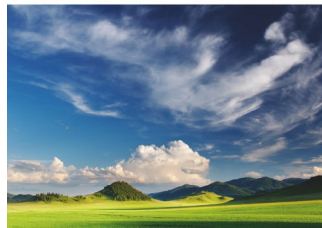

**hama**

**Lens filter**  
"Protect filter „Ultimate“,  
MC8, Wide"

|                 |                       |
|-----------------|-----------------------|
| Coating         | MC8 (8x Multi-Coated) |
| Metal Mount     | Black                 |
| Mount Thickness | 2.4 mm                |
| Type            | Protection Filter     |
| Type of Glass   | Optical Glass         |

- MC8 coating: four layers on each side, for excellent permeability to light and maximum anti-reflective properties
- Vapour-deposited, multi-layer coating
- Scratch-resistant
- Filter front and back are coated, ensuring no loss of contrast or brilliance and preventing ghosting and double images
- Ultra-thin, wide mount: prevents vignetting, can remain on the lens permanently
- Barely increases the lens front section
- A protected front lens saves expensive repair costs
- Quality class (glass): optical glass

**Lens filter**  
"UV Protection Filter Premi-  
um 390, Wide, NSC18 Nano"

|                 |                                   |
|-----------------|-----------------------------------|
| Coating         | NSC18 (Nano Super-Coated 18-fold) |
| Metal Mount     | Black                             |
| Mount Thickness | 2.9 mm                            |
| Type            | UV Protection Filter              |
| Type of Glass   | High-Grade Lens Glass             |

- Block UV rays up to 390 nm
- Especially clear, sharp pictures with brilliant colours since the unwanted blue colouring of ultra-violet radiation is avoided, reducing haze and preventing blurring
- NSC18 coating: nine layers on each side, for excellent permeability to light and maximum anti-reflective properties
- Vapour-deposited nano-coating

**Lens filter**  
"UV Protection Filter Profes-  
sional, C-18 Nano, Wide"

|                 |                      |
|-----------------|----------------------|
| Coating         | C18 (18x) NANO       |
| Metal Mount     | Black                |
| Mount Thickness | 3.4 mm               |
| Type            | UV Protection Filter |
| Type of Glass   | Crown Lens Glass     |

- Neutral colour
- C18 coating: nine layers on each side, for very high light transmission
- Nano coating reliably repels water and oil from the filter glass
- Quality standard (glass): crown lens glass
- Specially designed for high-quality lenses
- Flat metal mount, therefore no vignetting (dark shading of picture corners)
- Nevertheless with a front thread for lens caps, other filters or lens hoods

Impact on the pictures:

|--------------------|--------------------------|
| Data Transfer Rate | 18 Gbit/s                |
| Max. Resolution    | 4k (4096 x 2160)         |
| Version            | High Speed with Ethernet |

- 3in1 connection for connecting every camera to a TV and a PC/notebook to a TV
- Gold-plated plug with low contact resistance for secure signal transmission
- Integrated channel for transmitting network data with up to 100 Mbit/s
- 3D transmission due to extended bandwidth
- Fully shielded audio and video lines for optimum reduction of electromagnetic interference
- Return of the audio signal without additional audio cable (ODT, RCA etc.)
- HDMI™ cable for perfect, high-resolution ultra HD cinema quality 4096x2160 (4k) pixels
- Image resolution: 3840 x 2160 - 24 Hz/25 Hz/30 Hz/50 Hz/60Hz, 4096 x 2160 - 24 Hz
- Colour space: 30/36/48 bit
- Transmission of the following audio data: 8PCM, Dolby Digital, DTS, MPEG, DVD-Audio, SACD, Dolby Digital Plus, True HD, dts-HD
- Transmission of the type of player via ACE (Automatic Content Enhancement)
- HDMI™ CEC support (Consumer Electronics Control)
- High speed transmission of up to 18 Gbit/s for all image and sound standards from a bandwidth of 600 MHz
- HDMI™ adapter for connecting an HDMI™ Type A cable to devices with HDMI™ type C (mini) socket / HDMI™ type D (micro) socket

## USB Cable

**hama**

### USB Cable "Micro USB 2.0 Cable, Gold-Plated, Twist-Proof", Black

| Connection   | Micro-USB-Plug, USB Micro B Plug, USB-Typ-A-Plug |
|--------------|--|
| USB Standard | USB 2.0  |

- High-speed data transfer of up to 480 Mbps
- Gold-plated plug with low contact resistance for secure signal transmission
- The inner conductor is made of copper which ensures best transmission properties
- Light and space-saving due to the ultra thin, flexible cable and the extra small plugs
- Slim design especially suited for portable devices like smartphones, tablets and cameras
- No bothersome trying out: the plug can be inserted without having to be turned
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Twisted data lines (twisted pairs)
- Ideal for charging, data transfer and synchronization
- Also called "reversible micro USB"

|        |          |
|--------|----------|
| 0.75 m | 00074251 |

**hama**

### USB Cable "Micro, with LED indicator", Black

| Connection   | Micro-USB-Plug |
|--------------|----------------|
| USB Standard | USB 2.0        |

- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- LED function indicator gives information about the charge state
- Red LED display: during charging / green LED display: when almost fully charged

|     |          |

# Cables & Adapters

CAMERA ACCESSORIES

**hama**

**USB Cable  
"Flexi-Slim, USB-A - USB-C,  
USB 2.0, 480 Mbps", Black**

| Connection   | USB-C-plug, USB-Typ-A-Plug |
|--------------|----------------------------|
| USB Standard | USB 2.0                    |

- High-speed data transfer of up to 480 Mbps
- Light and space-saving due to the ultra thin, flexible cable and the extra small plugs
- Gold-plated plug with low contact resistance for secure signal transmission
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- High-quality materials and workmanship guarantee excellent transmission quality
- Twisted data pairs with an outer sheath made from robust PVC material minimise interference
- Internal wires made from copper for rapid data transfer and the best supply of power
- Ideal for charging, transferring data and synchronising
- also as a replacement for the original cable if it is too short, long or faulty

Replacement battery

**hama**

"CP 826" Lithium Ion Battery for Canon BP-511

|          |          |
|----------|----------|
| Capacity | 1400 mAh |
| Voltage  | 7.4 V    |
| Model    | Li-Ion   |

- Use with UL/IEC-certified branded cells: for increased safety
- Safety electronics: for monitoring of the charging and discharge process
- Gold-plated contacts: for fewer contact losses and prevention of corrosion
- Self-resetting thermal fuse (Polyswitch/PTC): additional protection against short circuits and overload

|   |    |                 |

# Accessories for Flashes

# Flash accessories

## Flash/Lighting Rail

**hama**

**Flash Bracket, 90°, foldable, black**

| Material  | Metal, Plastic Material |
|-----------|-------------------------|
| W x H x L | 3.4 x 14 x 19 cm        |

- For all flash units, lights, synchro-mats and tilt heads with a standard accessory shoe
- For all photo/video cameras with a tripod socket
- Sliding A 1/4" (6.4 mm) camera screw and B 1/4" (6.4 mm) tripod socket
- Hand grip for ease of use
- With a hand strap for a secure hold
- Plastic surface
- Being foldable and compact, the bracket is ultra portable
- Larger illumination angle as the flash unit is attached next to the camera
- Prevents the effect of "red eye" as the flash comes from another angle and not directly from near the lens as this would be the case without a flash bracket
- Easy to use: the camera and flash unit are compactly attached to the flash bracket that ensures optimal weight shift for portrait shots

|               |                 |
|---------------|-----------------|
| 1/4" (6.4 mm) | <b>00006831</b> |
| 6 BK          |                 |

**hama**

**"V" Flash Rail**

| Material  | Metal, Plastic Material |
|-----------|-------------------------|
| W x H x L | 16.4 x 3.5 x 20 cm      |

- For devices such as flash units, lights, microphones, spirit levels, etc. with standard flash foot
- Suitable for photo / video cameras with flash shoe
- Also suitable for smartphones and all devices with a 1/4" thread
- Multiple options to attach accessories and arrange the shot
- Easy handling: accessories are attached compactly to the camera's flash shoe

|               |                 |
|---------------|-----------------|
| 1/4" (6.4 mm) | <b>00006810</b> |
| 60 BK         |                 |

**hama**

**Flash Rail, 30 x 177 mm, black/grey**

| Material  | Plastic Material  |
|-----------|-------------------|
| W x H x L | 3 x 2.3 x 17.7 cm |

- For all flash devices, lights, Synchro-mats and tilt heads with standard attachment base
- Suitable for photo / video cameras with tripod thread
- With a standard flash shoe and mobile camera screw A 1/4" (6.4 mm), tripod thread B 1/4" (6.4 mm)
- Plastic runner
- Wider lighting angle, because the flash device is attached next to the camera
- Prevents the "red-eye effect" because the flash is coming from a different angle, and not, as is the case without the flash rail, directly from the proximity of the lens
- Easy handling: the camera and flash device are compactly attached to the flash rail, and the flash rail ensures the ideal distribution of weight for portrait shots

|               |                 |
|---------------|-----------------|
| 1/4" (6.4 mm) | <b>00006815</b> |
| 6 BK          |                 |

## Flash Adapter/Tilt Head

**hama**

**Plug-in Foot with Tripod Thread**

| Contact | Isolated Center Contact |
|---------|-------------------------|
|         |                         |

- Tripod threads (A 1/4"/6.4 mm) and 2 locking nuts
- Foot without threaded hole for attachment and secure fastening to the camera or rail's flash shoe

|        |                 |
|--------|-----------------|
| Silver | <b>00006958</b> |
| 6 BK   |                 |

**hama**

**Accessory Shoe with Insulating Plate**

| Contact | Isolated Center Contact |
|---------|-------------------------|
|         |                         |

- Isolating plate prevents the current flow from the camera to the photography accessories and vice versa
- With tripod socket B 1/4"

|       |                 |
|-------|-----------------|
| Black | <b>00006959</b> |
| 6 BK  |                 |

CLEAN & CARE

## Cleaning Kit

**hama**

### "Optic Dry" Photo Cleaning Set, 4-part

• Set consisting of:

Dust Ex Brush:

- With brush, for removing heavy soiling and coarser particles
- Air blower removes dust, crumbs and other small particles without touching the surface
- Valve system for optimised blowing action
- Brush can be attached to the side when not in use
- Environment-friendly
- Talc-free

Cleaning Cloth:

- Removes dirt and dust from all optical surfaces
- Especially high-quality microfibre cloth for lint-free cleaning

Lenspen:

- Highly efficient and gentle cleaning of all optical surfaces, especially for lenses and filters
- Ready for use immediately, since the screw lock ensures automatic activation of the velvety surface and means that no special activation of the fibres is required
- Especially long-lasting, since no liquid can dry out or leak with dry cleaning
- Original Lenspen
- Removes dust, specks of grease and other dirt
- Does not dry out
- With lens brush for dry pre-cleaning
- Special coating for high-quality lenses
- Handy pen shape with retaining clip in an ergonomic design

## CompactFlash Card

## microSD Memory Card

## SanDisk

### CompactFlash Card "Extreme Pro", 160 MB/s

- Especially recommendable for high-end digital cameras
- Suitable for terminal devices with a CompactFlash type I and II slot
- Extended, tested temperature range from -25°C up to +85°C
- Supports VPG-65 specification for video recording with a resolution of up to 4k
- Supports UDMA 7 mode (downward compatible)
- Water-repellent, shock-vibration tested housing
- Original brand name product from SanDisk, first equipment quality

## SanDisk

### CompactFlash Card "Extreme", 120 MB/s

- Especially recommendable for high-end digital cameras
- Suitable for terminal devices with a CompactFlash type I & II slot
- Designed to perform from -25°C to +85°C
- Supports UDMA 7 mode (downward compatible)
- Supports VPG-20 specification for video recording in full HD
- Water-repellent housing, backed by shock and vibration tests
- Genuine SanDisk branded item, OEM quality

**"USB-3.0 MobileMate, for microSD-Memory Card"**

|                    |                |
|--------------------|----------------|
| Connection         | USB-Typ-A-Plug |
| Data Transfer Rate | Up to 500 MB/s |
| USB Standard       | USB 3.0        |

- allows fast data transfer between the card and the PC when used with a UHS-I capable microSD card
- practically disappears in the USB port
- especially suited for Notebook users
- downward compatible with USB 2.0

|       |    |    |  |                 |
|-------|----|----|--|-----------------|
| Black |    |    |  | <b>00139770</b> |

**SanDisk**

**"ImageMate PRO" USB-C 3.0**  
**Card Reader**

|              |            |
|--------------|------------|
| Connection   | USB-C-plug |
| USB Standard | USB 3.0    |

- High performance speeds of up to 312 MB/s for SD and microSD, and up to 160MB/s for CompactFlash cards
- Especially recommendable for UHS-II SD and microSD capable memory cards
- Supports CompactFlash cards up to UDMA 7
- Backward-compatible with USB 2.0 and UHS-I
- Works with Windows and Mac Computers
- Operating system: Windows 8 or higher, MacOS 10.5 or higher

|  |    |    |  |                 |
|--|----|----|--|-----------------|
|  |    |    |  | <b>00186482</b> |

**SanDisk**

**"Extreme Pro" USB-C 3.0**  
**Card Reader for SD UHS-II**

|              |            |
|--------------|------------|
| Connection   | USB-C-plug |
| USB Standard | USB 3.0    |

- Designed for high-speed SD UHS-II card transfers
- Compatible with UHS-II, backwards-compatible with UHS-I and non-UHS SD cards
- Plug and Play - plug it in, and it works
- Backward-compatible with USB 2.0
- Convenient, reversible USB-C connector

|       |    |    |  |                 |
|-------|----|----|--|-----------------|

## Internal SSD Hard Drive

### SanDisk

#### Internal SSD Hard Drive "Plus, 350MB/s write"

|                         |          |
|-------------------------|----------|
| Connection              | SATA 3   |
| Transfer Rate (Reading) | 535 MB/s |
| Transfer Rate (Writing) | 350 MB/s |
| Design                  | 2.5 "    |

- Fast loading and running of programs
- Read speeds up to 535 MB/s and write speeds up to 350 MB/s
- SATA 3 (6 Gbit/s)
- SLC caching boosts burst write performance
- User-friendly SSD Dashboard to clone, monitor and manage the drive

### SanDisk

#### Internal SSD Hard Drive "Plus, SATA 3 (6Gbit/s)"

|                         |          |
|-------------------------|----------|
| Connection              | SATA 3   |
| Transfer Rate (Reading) | 535 MB/s |
| Transfer Rate (Writing) | 450 MB/s |
| Design                  | 2.5 "    |

### SanDisk

#### Internal SSD Hard Drive "Ultra 3D"

|                         |          |
|-------------------------|----------|
| Connection              | SATA 3   |
| Transfer Rate (Reading) | 550 MB/s |
| Transfer Rate (Writing) | 550 MB/s |
| Design                  | 2.5 "    |

### SanDisk

#### Internal SSD Hard Drive "Ultra 3D, New"

|                         |          |
|-------------------------|----------|

## Telescreen

**hama**

### Telescreen "Videotransfer"

|                  |       |
|------------------|-------|
| Height of Screen | 20 cm |
| Width of Screen  | 20 cm |

- Surface-reflective deflecting mirror for true-to-side images
- Also for viewing slides without darkening a room: slide image is displayed on the screen
- Easy to use: open the mirror up at an angle of 45° to the screen and direct the projector towards the mirror. The image is projected on the screen via the mirror and can easily be filmed.
- Can compactly be folded up

|       |   |    |  |                 |

| Weight              | 4.36 kg      |

- White PVC screen for unique colour brilliance and very fine contrasts, the optimum for rooms with normal illumination and without direct light incidence
- Lightweight projection screen for easy wall and ceiling mounting
- Screen with high luminance and a large viewing angle of 150°
- Therefore ideal for home cinema applications
- Aspect ratio 1:1
- Secure height adjustment via continuously adjustable locking system
- Black, light proof back
- Black metal tube with a diameter of about 5,7 cm

### "700 II" Flexible Articulated Arm, 1/4", max. 70 cm, Smartphone Holder, Table Clamp

|                           |                                  |
|---------------------------|----------------------------------|
| Thread/Connection         | 1/4" (6.4 mm), Smartphone holder |
| Leg Segments              | 2 Sections (1x Extendible)       |
| Material                  | Metal                            |
| Tripod Head               | No                               |
| Type                      | Light Stand                      |
| Min. Height - Max. Height | 70 cm                            |
| Weight                    | 468 g                            |

- Adjustable screw clamp for various attachment options: all types of desks, workstations, shelves, bars
- No adapter needed: flexible mobile phone holder for attachment to the articulated arm enclosed, for extraordinary shooting angles and perfects shots for every format
- Vertical and horizontal: ring light, camera, webcam, smartphone or tablet - all of them can be precisely positioned wherever you need them thanks to the two highly flexible joints
- Practical, full-motion holder, ideal for office, kitchen, hobby workshop, influencer/vlogger/blogger/YouTube studio or bedside table
- Maximum length 70 cm
- Allows quick and easy access to the device
- Ideal for taking photographs and making videos, for browsing, watching films or for video chats, but also perfectly suited for use in the office
- Comfortable use: the hands are always free and yet each device is in view or quickly adjusted for another scenario or to prevent it getting in the way

## Wall Bracket for Background Rolls

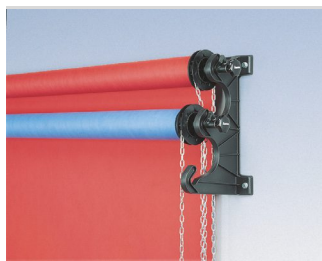

**hama**

### Photo Background System for Studio and On the Move, 158 - 295 cm, Extendable

|          |           |
|----------|-----------|
| Material | Aluminium |
| Length   | 295 cm    |
| Weight   | 5.3 kg    |

- Whether it be monochrome, green screen or panoramic landscape: the Hama background tripod set makes working with all common formats for photo backgrounds easier, with or without a roll. You always have all the professional background design options at your fingertips
- Steplessly extendable telescopic bar and tripods: the height and width of the flexible photo background system can be steplessly adjusted for a perfectly coordinated arrangement of the image motif, lighting and background
- Photo studio to go: the portable background system can be packed up extremely small for transport and storage and is a piece of essential equipment for all photographers who like to be flexible and practical
- The handy 2-part telescopic tube makes optimised staging of the main motif easier and allows the rapid exchange of fabric backgrounds and paper backgrounds on rolls
- Transportable and flexible tripods for photo backgrounds from 158 cm to 295 cm in width guarantee professional results in photography and video production
- Creates the ideal conditions for the digital reworking of shots, e.g. for cropping and integrating other background images

## Mini Photo Studio

**hama**

### "ToGo" Mobile Mini Photo Studio, Folding Photo Box with LED Ring Light, 50x

|                        |                 |
|------------------------|-----------------|
| Width x Depth x Height | 50 x 50 x 50 cm |
|------------------------|-----------------|

- Foldable photo box: this little mini studio can be folded down to a trim 3 cm in height and takes up barely any space when on the move
- Light box with accessories: the little photo studio including LED ring light, diffuser fabric and colour backgrounds contains everything you need for good product photography
- Take them easily yourself: great product images even without any in-depth knowledge of professional product photography - and without any major costs
- From warm white to daylight bright: control the colour temperature in 3 stages using the cable remote control for optimised and even lighting
- From radiantly bright to pleasantly dimmed: the light intensity can be adjusted in 10 stages
- LED lights are economical and thus more durable than conventional lamps
- Always the right mood: the mobile photo studio set for product photography contains 6 backgrounds to ensure the right colour for every scenario, be it classic white, sleek beige or green
- Photo studio to go: the light box can be packed up extremely small for transport and storage and is a piece of essential equipment for all online traders and photographers who like to be flexible and practical
- Fast light cube setup: simply apply hook-and-loop fastener to the edges and attach them to each other
- Great lighting: integrated ring light with 10.2" (ø 25 cm) and 128 LEDs on the top of the light cube

|  |  |   |    |  |          |
